(a) These notes refer to Export Finance Australia's Procedure for environmental and social review of transactions that is available on Export Finance Australia's website under "Our Organisation - Our Corporate Responsibility - Transactions - Environmental and Social Review - Procedure". This Procedure applies to all transactions that Export Finance Australia assesses after commencing its credit assessment and due diligence processes, other than military equipment transactions.

Note 1: Transaction associated with either a non-project or a bond. This association determines the way that Export Finance Australia considers the potential environmental and social impacts of the transaction. Further details are available in section 2.3 of the above Procedure.

Note 2: This type of product was assessed and found to always have a low or no potential for significant environmental and social impact.

Note 3: Assessed under a screen to identify which transactions require a detailed environmental and social review.

Note 4: Other export destinations yet to be determined.

Note 5: The Environmental and Social Impact Category of B is based on our preliminary review. The categorisation will be finalised prior to the funding of the project

ME: Denotes military equipment transaction.
